

Happy  
Anniversary,  
Sayang

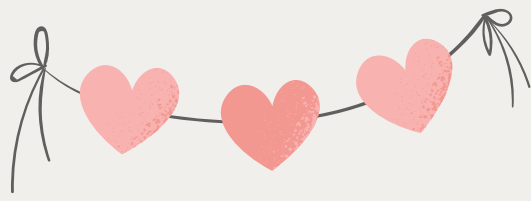

*Dear my beloved wife...*

Happy first anniversary sayang! It's been a year dah, cepat je rasa. 365 days of pure happiness, 365 moments that made my heart grow bigger. With every sunrise, my love for you levels up; right now dah level 365 and still climbing higher every day.

From the very first day, you've loved me with your entire heart. You've accepted every part of me; my flaws, my shortcomings, my imperfections. You've held them all close like they're treasures, and now you're carrying our little miracle inside you, our child. Thank you, from the deepest part of my soul. I can never thank you enough for everything you do, everything you give, everything you sacrifice without ever asking for anything in return.

On this special day jugak, I want to sincerely apologise from the very bottom of my heart for every time I've hurt you this past year. I know there were moments when I wasn't easy to love, moments when I let you down. Thankfully awak sentiasa bagi saya peluang to be better, to make things right. Thank you for never letting go of my hand.

I love you, more than words could ever express, more than sometimes I manage to show. Please know that my love for you is real, constant and forever.

Thank you for being my safe place, my comfort, my HOME; the one I always long to come back to. Thank you selalu kemaskan rumah, cuci baju, masak sedap sedap untuk saya, belikan hadiah untuk saya. I hope you feel even half as happy as you make me every single day.

The first year was magical. Just the two of us, building our little world full of love and laughter, but now I can't wait for the next chapter; welcoming our baby and becoming three. I know with all my heart that you're going to be the most incredible mother, just as you are already the most incredible wife.

Til' Jannah ok sayang? Thank you for being you. Thank you for choosing me. Happy anniversary once more, my love, my everything. This is only the beginning; our story goes on to infinity and beyond. I love you so much; today, tomorrow, and every single day after this.

The background of the image is a light cream color, decorated with numerous soft pink hearts of varying sizes scattered across the surface. The hearts are simple, rounded shapes with a slight gradient, giving them a gentle, romantic feel.

*Forever yours,
